SUMMARY

I am an experienced Full Stack Developer skilled in designing and developing robust web applications. Proficient in React.js, Next.js, Node.js, Express.js, Typescript and MongoDB, I specialize in API development and integration, creating responsive user interfaces, and efficient database management. With a strong track record of delivering scalable, user-friendly, and high-performance solutions, I am committed to driving innovation and ensuring exceptional user experiences.

EXPERIENCE

Full Stack Developer

vmedulife Software

05/2023 - Present Pune

A software development company specializing in creating innovative solutions for education system.

- Developed responsive and dynamic web applications using **React.js**, integrating **REST APIs**, **Redux**, and **Redux-Saga** for efficient state management and performance optimization.
- Designed user-friendly interfaces with **CSS Stylesheets** and implemented QR code scanning for attendance, enhancing the student management process.
- Applied modern **JavaScript (ES5, ES6)** coding standards to ensure clean, maintainable, and scalable code.
- Conducted **code reviews**, utilized **Git version control**, and integrated third-party libraries to improve collaboration and functionality.
- Created and executed **unit test cases** to ensure high-quality features and reduced data error rates by 25%.
- Integrated and optimized **third-party libraries** to enhance app functionality and reduce development time.

PROJECTS

Vmedulife Software

05/2023 - Present

Developed responsive web applications with React.js, integrating front-end features with back-end technologies to enhance user experience and ensure optimal performance.

- Led the development of an Academic Planning module for 10,000+ users, collaborating with teams to improve academic efficiency.
- Developed a feedback module that increased engagement by 25%, streamlining the feedback process for students and faculty.
- Implemented an import feature that allows faculty members to upload Excel files containing academic data. Developed functionality to parse and validate the data, ensuring accuracy before it is inserted into the database. This streamlined data entry, reducing manual effort and ensuring consistent and error-free information storage.

EDUCATION

Certified Course in Full Stack Web Development

Masai

05/2022 - 03/2023 Bengaluru

B.Sc. in Hospitality Studies

D Y Patil University

06/2017 - 06/2020 Navi Mumbai

STRENGTHS

Analytical Skills

Strong analytical skills with proven problem-solving abilities.

Adaptability

Skilled at collaborating with diverse teams and thriving in changing circumstances.

SKILLS

HTML5	CSS	Bootstrap	Javascript
ES6	Typescript	React.js	Github
API Integration	Node.js	Express.js	
MySQL	PHP	Redux Toolkit	MongoDB
Debugging	Next.js		

KEY ACHIEVEMENTS

User Satisfaction Improvement

Successfully improved user satisfaction by integrating APIs and implementing UI enhancements in React.js web applications.
